HORIZON YACHT CHARTERS (Grenada) LTD

PASSPORT DETAILS

Due to the increased activity in misappropriation of charter yachts across the Caribbean, our insurance company now require us to keep Passport Details of all crew on our yachts.

These details may be completed and sent to us prior to your charter start date, but we will, however, still require verification of these details by seeing your Passports in our office before you leave the dock on charter.

We are sorry for the extra work this involves and thank you for your patience and understanding.
