

How to Book SEABORNE

on AA.com

Easy Seaborne Booking on AA.com

Effective Monday, February 18, 2013, Seaborne launched its first interline arrangement with a major carrier—American Airlines which will make connections from all of Seaborne cities to San Juan even easier. Baggage will transfer between Seaborne and American on the ramp in San Juan as opposed to having to be rechecked with the other carrier and soon Seaborne will be issuing boarding passes on American flights. Seaborne also recently relocated to Gate 18, in Terminal D at Luis Muñoz Marín International Airport in San Juan. The check-in counter is close to the American counter in Concourse D. Seaborne flights are now displayed and sold on AA.com as part of this new arrangement.

Our interline agreement displays in SABRE and on AA.com, Travelocity and Expedia. To find Seaborne (Seaborne Airline Code is BB) on AA.com follow these simple steps:

- Go to AA.com
- Select **Find Flights** and complete fields with your trip information
- Select **Refine Your Search**
